Luminária com tecnologia LED Healthy Carelight. Embutido com tecnologia dark light, que oculta a fonte luminosa e elimina o brilho direto no campo visual. O corpo óptico recuado permite controle preciso do fecho e índice de ofuscamento extremamente baixo (UGR <3). A luz é percebida com nitidez, sem exposição da fonte, criando uma iluminação eficaz e discreta.

Recessed light with dark light technology, which hides the light source and eliminates direct glare from the visual field. The recessed optical system allows precise beam control and an extremely low glare index (UGR <3). The light is clearly perceived without exposing the source, resulting in effective and discreet illumination.
